

Project Title	Thematic field	Applicant	Funding
Reshaping Science-Policy Interactions in Climate Policy: International Stock-Taking and Lessons for Austria	Reshaping Science and Governance in the Post-Copenhagen Environment	University of Natural Resources and Life Sciences, Vienna (BOKU); Institute of Forest, Environmental and Natural Resource Policy	EUR 198.177
Linking national emission trading systems with the EU ETS: A bottom-up approach of future global emission trading considering effects for Austria	Reshaping Science and Governance in the Post-Copenhagen Environment	Energy Institute at the Johannes Kepler University Linz GmbH	EUR 105.071
Uncertainty in an Emissions Constrained World: Case Austria	Reshaping Science and Governance in the Post-Copenhagen Environment	Dr. Matthias JONAS; International Institute for Applied Systems Analysis (IIASA)	EUR 58.764
Climate-induced migration and the need for new legal, normative and institutional frameworks	Reshaping Science and Governance in the Post-Copenhagen Environment	Ludwig Boltzmann Association - Institute of Human Rights, Vienna	EUR 168.122
Power through Resilience of Energy Systems: Energy Crises, Trends and Climate Change	Responding to Austria's Policy Community	Vienna University of Technology, Institute of Power Systems and Energy Economics, Energy Economics	EUR 299.594
Climate change in agriculture and forestry: an integrated assessment of mitigation and adaptation measures in Austria	Responding to Austria's Policy Community	Erwin Schmid, University of Natural Resources and Life Sciences	EUR 297.373
Selecting Management Alternatives Responding to Targets. Forest Optimization for Renewable Energy and Sequestration using Time-dependent Strategies	Responding to Austria's Policy Community	JOANNEUM RESEARCH Forschungsgesellschaft mbH	EUR 290.000
Food Security risks for Austria caused by climate change	Responding to Austria's Policy Community	AGES - Austrian Agency for Health and Food Security	EUR 186.526

Adaptation costs - an economic assessment for prioritising adaptation measures and policies in a +2°C to +4°C world	Responding to Austria's Policy Community	Wegener Center for Climate and Global Change, University of Graz, Research Group Economics of Climate and	EUR 300.000
"Contrarians" - their role in the debate on climate change (global warming) and their influence on the Austrian policy making process.	Responding to Austria's Policy Community	FAS.research	EUR 239.576
Regional Futures under the Microscope: Regional Challenges in Upper Austria (AT), Lower Austria (AT), Styria (AT) and Kassel (DE)	Responding to Austria's Policy Community	University of Natural Resources and Life Sciences, Vienna (BOKU)	EUR 285.958
Supporting technological and market success for low-carbon vehicle propulsion	The Economics of Climate Change	Wegener Center for Climate and Global Change, University of Graz	EUR 298.324
Scenarios of Spill-Over Effects from Global (Climate) Change Phenomena to Austria	The Economics of Climate Change	Österreichische Gesellschaft für Umwelt und Technik (ÖGUT)	EUR 210.000
Cool towns for the elderly ☒ protecting the health of elderly residents against urban heat	The Political, Cultural and Social Dimensions of Climate Change	University of Natural Resources and Life Sciences Vienna, Institute of Landscape Development, Recreation and Conservation Planning	EUR 231.003
Transition Dynamics in Energy Regions: An Integrated Model for Sustainable Policies	The Political, Cultural and Social Dimensions of Climate Change	Institute for Systems Science, Innovation & Sustainability Research (ISIS), University of Graz	EUR 277.132
The Role of Human and Social Capital in Coping with and Adapting to Climate Change	The Political, Cultural and Social Dimensions of Climate Change	Dr. Ines Omann, SERI	EUR 246.204
Next Generation Regional Climate Scenarios for the Greater Alpine Region	Understanding the Climate System and Consequences of Climate Change	Wegener Center for Climate and Global Change, University of Graz	EUR 98.539
Comparing MODIS Satellite versus terrestrial Inventory driven Carbon Estimates for Austrian Forests	Understanding the Climate System and Consequences of Climate Change	Institute of Silviculture, BOKU University of Natural Resources and Life Sciences, Vienna	EUR 204.280
Fire Risk and Vulnerability of Austrian Forests under the Impact of Climate Change	Understanding the Climate System and Consequences of Climate Change	Prof. Dr. Oliver Sass	EUR 299.594
Urban fabric types and microclimate responses - assessment and design improvement	Understanding the Climate System and Consequences of Climate Change	University of Technology, Vienna, Department of Landscape Architecture	EUR 282.871

Climate effects on the recent range expansion of ragweed in Central Europe	Understanding the Climate System and Consequences of Climate Change	Stefan Dullinger	EUR 181.645
Austrian Panel on Climate Change Assessment Report	Understanding the Climate System and Consequences of Climate Change	Vienna University of Technology, Institute of Power Systems and Energy Economics	EUR 349.488
Sensitivity of the Runoff Characteristics of Small Alpine Catchments to Climate Change	Understanding the Climate System and Consequences of Climate Change	A. Univ.-Prof. Dipl.-Ing. Dr. Friedrich Schöberl; Geographie Innsbruck	EUR 281.821
<b>Summe Förderung</b>			<b>5.390.062</b>
